

## **Children at Western Downs Cinemas**

Western Downs Cinemas love having children and young people visit and we know what an exciting experience this is. Please note, as a parent or guardian, you are responsible for both the welfare and behaviour of your child when they are using cinema services.

### **Special Screenings**

Sometimes getting to the movies with small children can be difficult!

Here at Western Downs Cinemas we want everyone to have the opportunity to come along to the movies. We have special screenings every week designed for our little ones and their families.

*Babes in Arms* sessions give parents of young children an opportunity to head to the movies in a supportive environment, without the worry of "bothering" the other movie goers.

*Little Flicks* sessions are designed with our pre-schoolers and their families in mind. You can look forward to family friendly movies, that include an intermission for those busy little bodies.

### **Unattended Children**

We want your children to be safe, and we need your help!

Our cinema team are dedicated to making your movie experience the best we can, but we are unable to provide direct supervision of your child or young person.

Children under 12 years must be supervised by a person 16 years or over to all movies not limited by an age-restricted classification.

The Australian Classifications board makes decisions about movie classifications, and some adult movies have legislated age restrictions. This means only adults are able to purchase to these movies. For more information about age-restricted categories refer to [www.classification.gov.au](http://www.classification.gov.au).

We also ask that you keep in mind the restrooms at our cinemas are public facilities located outside the cinema areas and are used by all members of the public. It is important to ensure your children are appropriately supervised while visiting the restrooms.

We have some great movies screening that our young people will love to see. So, if you are on pick up duty you may consider arriving 5 minutes before the advertised time, the published durations of movies include all credits.

Adhering to these requests will ensure all patrons have an enjoyable and safe time at Western Downs Cinemas and save disappointment to young children in the event they are refused entry due to inadequate supervision.
